Jaime Casado
Biotechnologist

Profile

Recent graduate in biotechnology from the UPV, specialising in the field of bioinformatics.

In recent years, I have been combining my university studies with learning computer programming.

I am looking for a position where I can combine my biotech skills with my enthusiasm for programming in a professional environment.

More info

- Driving licence
- Skills in web desing
- Volunteering in a community center

Interships

Resercher Center Principe Felipe (Valencia)

November 2021 - August 2022

Internship of bachelor studies in a research group, Laboratory of Host-microbe interactions in metabolic health

- Screening, genome sequencing, assembly and functional evaluation of bacteria from the human intestinal tract with anti-inflammatory potential

Education

University Politehnica of Valencia (Spain)

Bachelor of Biotechnology | **September 2017 - Actual**

- Grade 7,5 out of 10

High school IES Benigasló in La Vall d'Uixó (Spain)

Graduation from high school | **September 2011- June 2017**

- Grade 9.6 out of 10

Formation Courses

University Carlos III (edX)

November 2021 - February 2022

Java Programming Fundamentals

- Introduction to the Java programming language for its application in the field of data science and analysis.

Codeacademy.com

July 2022 - Actual

Data Scientist: Analytics Specialist

- Development of statistical knowledge, programming skills and analysis techniques for data management.

IT Skills

Office 365: Advanced

Python: Advanced

SQL: Intermediate

HTML &CSS: Intermediate

Javascrpit: Intermediate

Git: Intermediate

Other Activities

- **Finalist in bioinformatics contests:**

- 5th Competition of the Bioinformatics Institute of Russia
- ITMO Bioinformatics Contest 2021

- **Student representative of UPV.**

- **Finalist in university debate tournaments.**
